

WEDNESDAY 30 NOVEMBER 2011

1600	Registration Open – Ground Floor Foyer 1
1630	FSA AGM
1730	Welcome Reception

THURSDAY 1 DECEMBER 2011

0700 – 0830	MSD Breakfast Meeting Room: Meeting Room 210			
0845 – 1000	Opening Ceremony & Ian Johnston Memorial Lecture (Plenary 1) Room: Plenary 1 Chairs: Joseph G Schenker, President, International Academy of Human Reproduction & Peter Illingworth, President, Fertility Society of Australia			
0845 – 0915	Opening Ceremony			
0915 – 1000	André Van Steirteghem, Belgium Professor-Emeritus Vrije Universiteit Brussel and Editor-in-Chief Human Reproduction Ian Johnston Memorial Lecture: Australia, A World Power in ART			
1000 – 1030	Morning Tea			
1000 – 1045	REACT-ANZ (REproduction And Clinical Trials - Australia & NZ) Group Meeting (Meeting Room 102)			
1030 – 1200	Symposia 1 – Scientific Room: Meeting Room 210 Chairs: Jacques Cohen, USA & Jeremy Osborn, Australia	Symposia 2 – Clinical Room: Plenary 1 Chairs: Manuela Toledo, Australia	Symposia 3 – Scientific Room: Meeting Room 211 Chairs: David de Kretser, Australia & Jim Cummins, Australia	Symposia 4 – Psychosocial / Nursing Room: Meeting Rooms 203 & 204 Chairs: Karen Dudley, Australia & Joi Ellis, New Zealand
1030 – 1045	Mirjana Martic, VIC Melbourne IVF PGD For Reciprocal Translocations Using a BAC Microarray	Michael Chapman, NSW IVF Australia Patient Preference: GnRH Antagonist vs GnRH Agonist in IVF Cycles	Liza O'Donnell, VIC Prince Henry's Institute of Medical Research An Essential Role for a Microtubule-Severing Enzyme in Male Fertility	Linda Bennett, VIC Nossal Institute for Global Health The Missing Link Between Sexual Health and Infertility in Indonesian Fertility Care
1045 – 1100	Mina Popovic, NSW Sydney IVF Analysis of Embryo Developmental Measures and Implantation Rates Between Agonist and Antagonist Stimulation Types	Christine Lucas, QLD IVF Sunshine Coast Clomiphene or Letrozole - Outcomes of Different Protocols for Ovulation Induction	De-Yi Liu, VIC Melbourne IVF Frequency of High Level DNA Damage of Motile Sperm in Sub-Fertile Men	Karin Hammarberg, VIC University of Melbourne The Impact of Age and Mode of Conception on Perception of Positive and Negative Aspects of Pregnancy
1100 – 1115	Maria Traversa, NSW Sydney IVF CGH in the PGD Program- A New Tool for Improved IVF Outcomes?	Muhammad Priangga University of Indonesia Correlation of Polar Body Morphology, Perivitelline Space, Cytoplasm, and the Thickness of Pellucida Zone with Fertilization Rate on Patients undergoing ICSI	Duangporn Jamsai, VIC Monash University A Nonsense Mutation in the Transcription Factor, ETV5, Causes Male Infertility in the Mouse that Resembles the Sertoli Cell Only Syndrome	Andrea Smales, VIC Melbourne IVF The Moving On Group: Development and Implementation of a Support Group for Patients Where ART has Been Unsuccessful
1115 – 1130	Saule Idelbayeva, WA PIVET Medical Centre Fate of Top Quality Cleavage Stage	Gavin Sacks, NSW IVF Australia Thromboelastography: a New Test	Kathleen DeBoer, VIC Monash University Functional Characterization of a	Sarah Nowoweiski, VIC Melbourne IVF Making Babies: It's a Different Kind

1130 – 1145	Embryos After Extended Blastocyst Culture Leeanda Wilton, VIC Melbourne IVF	for Targeting Anticoagulant Therapy in Women with Repeated Implantation Failure Claire Garrett, VIC Melbourne IVF	Novel Gene Involved in Male Fertility Maria Ohlsson Teague, SA University of Adelaide	of Chemistry Sara Holton, VIC Monash University
1145 – 1200	Chromosomal Mosaicism In Embryos from Young ART Patients Determined by Array Comparative Genomic Hybridisation (aCGH) Petra Wale, VIC Melbourne IVF	Fertility Preservation OPU Results for Oncology Patients Prior to Treatment are not Compromised by their Malignancy Mesut Oktem, Turkey Gazi University School of Medicine	Sperm MicroRNAs are Differentially Expressed in Obese Fathers - Novel Candidate Paternal Dietary Signals to Offspring Hani Hoseinifar, Iran Royan Institute	To Have or Not To Have? Australian Women's Childbearing Desires, Expectations and Outcomes Donna Close, QLD Fertility Gold Coast
	Oxygen Regulates Amino Acid Utilisation by the Preimplantation Embryo	Gradient Sperm Preparation Technique Yields Higher Pregnancy Rate in Couples, Diagnosed with Unexplained Infertility Undergoing Therapy with Intrauterine Insemination: a Prospective, Randomized Study	Study of Sperm Protein Profile in Oligo- and Normozoospermic Patients with Varicocele Using Two Dimensional Electrophoresis	Regional Variations in the Demographics of Patients Seeking Infertility Treatment
1200 – 1300	Lunch			
1200 – 1330	ACCEPT (Australasian CREI Consensus Expert Panel on Trial Evidence) Group Meeting (Meeting Room 102)			
1300 – 1430	Invited Lecture 1 Endometrium Room: Meeting Room 210 Chairs: Peter Rogers, Australia & George Creatsas, Greece	Invited Lecture 2 New Techniques Room: Plenary 1 Chairs: TBC & Seang Lin Tan, Canada	Invited Lecture 3 Counselling Room: Meeting Rooms 203 & 204 Chairs: Kay Oke, Australia & Sheryl De Lacey, Australia	Invited Lecture 4 ESHRE Exchange / CREI Room: Meeting Room 211 Chairs: Clare Boothroyd, Australia & Neil Johnson, Australia
1300 – 1330	Guiying Nie, VIC Prince Henry's Institute of Medical Research PC6 is Critical for Endometrial Receptivity: Cellular Mechanisms and Clinical Implications	Andrew Stephens, VIC Prince Henry's Institute of Medical Research New Proteomic Approaches for the Study of Gynaecological Disease	Jane Fisher, VIC Jean Hailes Research Unit, Monash University Stereotypes, Evidence and Psychologically-Informed Infertility Care	1300-1325 Arturo Reyes Palomares, Spain Instituto de Fertilidad Clinica Rincon Influence of 5-HTTLPR Variants in the SLC6A4 Gene over Pregnancy Outcomes among Recipients of Donated Eggs
1330 – 1400	Ian Fraser, NSW University of Sydney Implications of the Unique Innervation of the Pelvis in Endometriosis	Sherman Silber, USA The Infertility Centre of St Louis Preservation of Fertility for Cancer Patients and Extension of the Reproductive Lifespan of Women	Cailin Jordan, WA Hollywood Fertility Centre The Use or Abuse of Social Technology and the impact on ART consumers and professionals	1325 - 1345 Manveen Mangat, Australia
1400 – 1430	Hugh Taylor, USA Yale University Endometriosis: Genetics, Epigenetics and Stem Cells	Jacques Cohen, USA IVFOnline / Reprogenetics PGS 2.0 - New Genetic Tests and Complete Chromosome Assessment of Human Embryos	Desiree Spierings, VIC Sexual Health Australia Sex Therapy – The Role of Sex Therapy in Reproductive Health	1345-1405 Seema Mohiuddin 1405 – 1425 Sonai Karia
1430 – 1500	Afternoon Tea			

1500 – 1630	Symposia 5 – Scientific Room: Meeting Room 210 Chairs: David Edgar, Australia & Helena Jericho, Australia	Symposia 6 – Clinical Room: Meeting Rooms 203 & 204 Chairs: John Aitken, Australia & Anne Jequier, Australia	Symposia 7 – Scientific Room: Meeting Room 211 Chairs: André van Steirteghem, Belguim & Harold Bourne, Australia	Symposia 8 – Clinical Room: Plenary 1 Chairs: David Wilkinson, Australia & Archil Khomassuridze, Georgia
1500 – 1515	Tammie Roy, NSW Sydney IVF	Tomomoto Ishikawa, Japan Ishikawa Hospital	Elizabeth Sullivan, NSW Perinatal & Reproductive Epidemiology Research Unit How to Report IVF Success Rates	Susan Breheny, VIC Monash IVF
1515 – 1530	Comparison of Pregnancy Outcomes Following Single Embryo Transfer of Blastocysts Vitrified on Day 5 or Day 6 Sharon Stock-Myer, VIC Melbourne IVF	Microdissection Testicular Sperm Extraction (Micro-TESE) in Patients with Klinefelter Syndrome Michele Kwik, NSW IVF Australia	Elizabeth Sullivan, NSW Perinatal & Reproductive Epidemiology Research Unit Gestational Surrogacy in Australia Following Assisted Reproductive Technology Treatment, 2004-2008 Elizabeth Sullivan, NSW Perinatal & Reproductive Epidemiology Research Unit Embryo Storage and Utilization in Australian Fertility Clinics	Blastocyst Versus Non Blastocyst: Is Longer Really Better? Anusch Yazdani, QLD Eve Health / QFG Research Foundation A Prospective Randomised Controlled Trial of 36 vs 38 hour Maturation Trigger for Oocyte Retrieval Dhanushi Fernando, VIC Monash University
1530 – 1545	Peter Coleman, VIC Melbourne IVF	Predictors of Sperm Retrieval on Testicular Microdissection Con Mallidis, Germany Centre of Reproductive Medicine and Andrology 10 years of External Quality Control of the German Society of Andrology (QuaDeGA). Not Quite According to the WHO - MOVED	Su-Ann Koh, WA The University of Western Australia No Effect of Paternal Age on Clinical Pregnancy Rate in Donor Insemination Cycles	Effects of Stimulation on the Outcomes of Singleton Births following Fresh Embryo Transfer versus Frozen-Thawed Embryo Transfer Maria Gabbe, VIC Monash IVF Incidence of Twins from a Single Embryo Transfer (SET)
1545 – 1600	Kelli Peirce, WA Fertility North The Effectiveness of a Single Embryo Transfer (SET) Policy in an IVF Programme with Day2/Day 3 Transfers	Claire Beyer, VIC Monash IVF Super Sensitive Semen Analysis: Validation on Oligospermic and Azoospermic Samples	Elizabeth Sullivan, NSW Perinatal & Reproductive Epidemiology Research Unit How does Assisted Reproductive Technology Treatment and Outcomes from Australia and New Zealand Compare to the Rest of the World	Deirdre Zander-Fox, SA Repromed
1600 – 1615	Clare Pinkus WA Hollywood Fertility Centre	Oswaldien Claassens, QLD Queensland Fertility Group	Danielle Herbert, QLD The University of Queensland Births after Spontaneous or Assisted Conception among Infertile Australian Women Aged 31-36 Years: A Prospective, Population-Based Study	Twelve Month Experience Using Metabolic Analysis to Select Embryos for Transfer; a Retrospective Comparison of Pregnancy Outcomes
1615 – 1630	The Outcome of Single Blastocyst Transfer as Part of A Vitrify All Embryo Strategy to Manage the Risks Associated With Ovarian Hyperstimulation Syndrome (OHSS) Itziar Rebollar-Lazaro, WA Hollywood Fertility Centre The Impact on Blastocyst Formation, Utilisation and Implantation after Replenishing Media for Embryos on Day 5 of Development	Sperm DNA Fragmentation and Aneuploidy Linda Morrison, NSW Sydney IVF Analysis of an Alternative Method for Determining Sperm DNA Integrity and Comparison to Existing SCSA Methods and Reference Ranges		Leeanda Wilton, VIC Melbourne IVF First Clinical Results Using Microarray Analysis for Detection of Aneuploidy in a PGD Program

1645 - 1730	Plenary 2 Room: Plenary 1 Chairs: TBC & Christos Coutifaris, USA
1645 – 1730	Siladitya Bhattacharya, Scotland University of Aberdeen Sex and Reproduction in the Post ART Era
1730	Presentations Conclude
1900	Congress Dinner

FRIDAY 2 DECEMBER 2011

0730 – 0900	Ferring Pharmaceuticals Breakfast Meeting Room: 210			
0915 – 1000	Plenary 3 Room: Plenary 1 Chairs: Rob Norman, Australia & Seang Lin Tan, Canada			
0915 – 1000	Yoshi Morimoto, Japan IVF Japan In Vitro Maturation, Cytoplasmic Maturation and Mitochondrial Function			
1000 – 1030	Morning Tea			
1030 – 1200	Symposia 9 – Clinical Room: Meeting Room 210 Chairs: Kate Stern, Australia & Mark Bowman, Australia	Symposia 10 – Scientific Room: Plenary 1 Chairs: Petra Wale, Australia & Rob Gilchrist, Australia	Symposia 11 - Clinical Room: Meeting Room 211 Chairs: Roger Hart, Australia & Kelton Tremellon, Australia	Symposia 12 – Psychosocial Nursing Room: Meeting Rooms 203 & 204 Chairs: Cailin Jordan, Australia & Renata Stewart, New Zealand
1030 – 1045	Mohamed Najimudeen, MALAYSIA Melaka Manipal Medical College	Fatima Figueiredo Monash IVF	Jenni Millbank, NSW Faculty of Law, University of Technology Sydney Enhancing Reproductive Opportunity	Judith Applegarth, QLD Monash IVF
	An Insight Into Low Level Of HIV Epidemics In Sri Lanka	Artificial Oocyte Activation with Calcium Chloride Dihydrate Improves Assisted Reproductive Outcomes in Poor Prognosis Patients		Nurses in Assisted Reproductive Technology: A Critical Part of the Chemistry
1045 – 1100	Nicole Hope, VIC Monash IVF	David Robertson, VIC Prince Henry's Institute of Medical Research	Catherine Appleby, New Zealand Wellington Women's Hospital	Catja Warmelink, The Netherlands Midwifery Science/AVAG
	Adjuvantia in IVF: Less is More?	Proteomic Characterisation of Serum from Women who Develop Ovarian Hyperstimulation Syndrome	Breastfeeding rates in In Vitro Fertilisation Patients	Midwifery Care in the Transition from Subfertility to Motherhood
1100 – 1115	Christos Venetis, Greece Aristotle University of Thessaloniki The Use of Androgens or Androgen Enhancing Agents in Poor Responders Undergoing In-Vitro Fertilization: Facts and Fiction	James Stanger, NSW FertAid Incidence of Peri-Thecal Follicle Vascularisation in Natural Ovulation Cycles	Georgina Chambers, NSW The University of New South Wales How Much does Price Matter: The Impact of Changes to ART Public Funding in Australia	Denise Donati Fertility Solutions, QLD How critical is the timing of insemination for IUI cycles? A small clinics approach
1115 – 1130	Ji-Sung Yoon, Republic of Korea Maria Fertility Hospital	Kathryn Gebhardt, SA Repromed	Mette Lokeland, Norway University of Bergen	Kay Oke, VIC Melbourne IVF
	Effect of Low-Dose Gonadotropin Supplementation in Patients with Poor Endometrium in IVF/ET Using In Vitro Maturation(IVM)	Human Cumulus-Oocyte Complexes (COCs) Secrete Factors which enable Cumulus Expansion	Medical Abortion with Home Administration of Misoprostol up to 63 days Gestation	The Changing Face of Genetic Counselling in ART

1130 – 1145	Space in Program	Antonino Azzarello, Denmark Holbaek Hospital	Gede Widi Mariada, Indonesia Siloam Hospital Fertility Center	Stephen Page, QLD Harrington Family Lawyers
1145 – 1200	Tohid Najafi, Iran Shahid Beheshti Medical University Expression of Endothelial Nitric Oxide Synthase in Endometrial Tissues of Women with Recurrent Miscarriage	Pronuclear Scoring before Breakdown as Predictor of Embryo Implantation with Heartbeat? Jacinta Luermans, QLD IVF Sunshine Coast The Number of Oocytes Collected and Time to Syngamy in the Early Human Zygote	Predicting Factors for the Successfulness of Embryo Transfer Tamer Nafee, United Kingdom The Epigenetics of ART	Tiptoe through the minefield: A State by State comparison of surrogacy laws in Australia Susan Morgan, VIC Patient Review Panel The Patient Review Panel - The First 2 Years
1200 – 1300	Lunch			
1200 – 1300	Protection of Fertility in Medical Disorders SIG Meeting (Meeting Room 214)			
1200 – 1300	LIGHT Study Group Meeting (Meeting Room 205)			
1300 – 1430	Invited Lecture 5 Clinical IVF Room: Plenary 1 Chairs: David Healy, Australia & Tim Cordes, Germany	Invited Lecture 6 Andrology Room: Meeting Room 210 Chairs: Rob McLachlan, Australia & Luigi Devoto, Chile	Invited Lecture 7 Menopause Room: Meeting Room 211 Chairs: Henry Burger, Australia & Andrea Genazzani, Italy	Invited Lecture 8 Ethics Hypothetical – Surrogacy / Religious Perspective Room: Meeting Rooms 203 & 204 Chairs: Liz Hurrell, Australia & Rachael Varady, Australia
1300 – 1330	Siladitya Bhattacharya, Scotland University of Aberdeen Single Embryo Transfer in IVF - is Less More?	David Handelsman ANZAC Research Institute Andrology: The Missing Half of Reproductive Medicine	Peter Ebeling, VIC University of Melbourne New Vistas for Osteoporosis Management in Postmenopausal Women	Leslie Cannold, VIC – Ethicist Gab Kovacs, VIC - Melbourne IVF Kirsten Mander, VIC - Australian Unity Sally Nathan, VIC – Monash IVF
1330 – 1400	Yoshi Morimoto, Japan IVF Japan New Paradigm for ART, Application of Integrated Medicine	Roger Hart, WA University of Western Australia Early Life Influences upon Male and Female Reproductive Development in a Western Australian Population	Helena Teede, VIC The Jean Hailes Foundation for Women's Health Why Wouldn't a Symptomatic Woman Take HRT?	Miranda Montrone, NSW - Counselling Place Guido Pennings, Belgium – Ghent University Chair: Gab Kovacs, Australia
1400 – 1430	David Adamson, USA Fertility Physicians of Northern California, Stanford University University of California San Francisco Current and Future Factors Affecting IVF "Success" Rates	Stefan Schlatt, Germany University Munster The Regenerative Potential of the Testis: Existence and Impact of Stem Cells in the Testis	Martha Hickey, VIC Royal Women's Hospital & University of Melbourne Management of Menopausal Symptoms Without Hormones	1410 – 1500 Joseph Schenker, Israel Hebrew University, Hadassah Medical Centre Assisted Reproduction - Religious Perspectives
1430 – 1500	Afternoon Tea			

1500 – 1630	Symposia 13 – Scientific Room: Meeting Room 210 Chairs: De-Yi Liu, Australia & Keith Harrison, Australia	Symposia 14 – Clinical Room: Plenary 1 Chairs: Michael Costello, Australia & Bill Watkins, Australia	Symposia 15 – Scientific Room: Meeting Room 211 Chairs: Lois Salamonsen, Australia & TBC	Symposia 16 – Psychosocial Nursing Room: Meeting Rooms 203 & 204 Chairs: Judith Applegarth, Australia & TBC
1500 – 1515	Rosalia Sa, Portugal Institute of Biomedical Sciences Abel Salazar In Vitro Male Germ Cell Proliferation and Differentiation	Neeta Singh, India All India Institute of Medical Sciences Is Anti Mullerian Hormone a Better Predictor of Ovarian Response Compared to Antral Follicle Count, FSH and Inhibin B in Women Undergoing IVF John Yovich, WA PIVET Medical Centre	David Robertson, VIC Prince Henry's Institute of Medical Research Proteomic Analysis of Endometrial Extracts from Fertile and Infertile Women on Day of Egg Collection of IVF Treatment	Sarah Mayes, WA PIVET Medical Centre Pontine Tegmental Cap Dysplasia: Case Review & Counselling Implications
1515 – 1530	Suha Kilani, NSW IVF Australia	Targeted Ovarian Stimulation to Minimise OHSS Risk	Jemma Evans, VIC Prince Henry's Institute of Medical Research Hostile Endometrium - The Final Frontier in ART Cycles?	Maggie Kirkman, VIC Jean Hailes Research Unit, Monash University Fertility Management after a Diagnosis of Breast Cancer: Womens Experiences of and Insights into Professional Care Cailin Jordan, WA Hollywood Fertility Centre
1530 – 1545	Phillip Matson, WA Fertility North	Georgia Heathcote, QLD University of Queensland Medical School Live Birth Rate after Metformin and Clomiphene vs Clomiphene alone in Polycystic Ovarian Syndrome (PCOS): a Randomized Double Blind Placebo Controlled Trial Sasha Nair, New Zealand Auckland Hospital	Jemma Evans, VIC Prince Henry's Institute of Medical Research Overstimulated and Over It? Endometrial Receptivity in ART Cycles	Practical Ways to Guide Patients through Lifestyle Change to Enhance chances of Conception
1545 – 1600	The Use of Polarised Light Microscopy in IVF. A Retrospective Analysis of 3 Years Data	Polycystic Ovary Syndrome and Depressive Disorder in adolescents; a Prospective Cross Sectional Study	Lois Salamonsen VIC University of Melbourne & Prince Henry's Institute Piecing Together the Complex Dialogue in the Human Uterine Cavity	Catherine McMahon, NSW Macquarie University Does Anxiety about the Pregnancy Outcome Influence the Developing Infant in Women Conceiving through ART? Edith Weisberg, NSW Sydney Centre for Reproductive Health Research A Pilot Study of Community Knowledge and Attitudes Towards AMH Testing and Egg Cryo- preservation
1600 – 1615	Jacquelyn Irving, QLD Queensland Fertility Group	Tejshree Singh, India Kolmet Hospital	Kirsty Douglas, WA PIVET Medical Centre	
	Relationship Between Sperm Chromatin Structure Assay and Sperm-Hyaluronan Binding	Prevalence of Endometrial Hyperplasia with or without Cytological Atypia in Women with Polycystic Ovarian Syndrome (PCOS)	Vitrification with DMSO does not Increase Miscarriage Aneuploidy Rates (Preliminary Results)	
	Lia Hinting Fertility Center, Indonesia			
	Development of Low Cost Embryo Culture: Comparison In-Vitro Fertilization (IVF) and Embryo Growth of Mouse in HTF-HEPES Medium without CO2 Incubator			

1615 – 1630	Dorothy Sobieszczuk , New Zealand Fertility Plus Conventional IVF Versus ICSI in Sibling Oocytes	Helena Teede, VIC The Jean Hailes Foundation for Women's Health National Evidence-based Guideline for the Assessment and Management of Polycystic Ovary Syndrome	George Koustas, NSW Westmead Fertility Centre Prolonged In Vitro Manipulation of the Pre-implantation Mouse Embryo Affects Placental and Fetal Health	Sheryl de Lacey, SA Flinders University Community Views on Status and Acceptable Uses of Embryos
1645 - 1730	Plenary 4 Room: Plenary 1 Chairs: Lois Salamonsen, Australia & John Sciarra, USA			
1645 – 1730	Hugh Taylor, USA Yale University Environmental Programming of Uterus Development			
1730	Presentations Conclude			
1730 – 1830	Pre-Conception Health SIG Meeting (Meeting Room 214)			

SATURDAY 3 DECEMBER 2011

0915 – 1000	Plenary 5 Room: Plenary 1 Chair: Karin Hammarberg, Australia & Kate Bourne, Australia			
0915 – 1000	Wendy Kramer, USA Donor Sibling Registry Redefining Family: Donors and Offspring Connecting			
1000 – 1030	Morning Tea			
1030 – 1200	Invited Lectures 9 International Academy of Human Reproduction Room: Meeting Rooms 203 & 204 Chairs: Anusch Yazdani, Australia & David Adamson, USA	Invited Lectures 10 International Academy of Human Reproduction Room: Meeting Room 210 Chairs: Yoshi Morimoto, Japan & Siladitya Bhattacharya, Scotland	Invited Lectures 11 International Academy of Human Reproduction Room: Meeting Room 211 Chairs: Peter Illingworth, Australia & André Van Steirteghem, Belgium	Invited Lectures 12 International Academy of Human Reproduction Room: Plenary 1 Chairs: Hugh Taylor, USA & Stefan Schlatt, Germany
1030 – 1050	George Creatsas, Greece University of Athens Reconstruction of Utero-Vaginal Anomalies	Archil Khomassuridze, Georgia Zhordania Institute of Human Reproduction Mifepristone: the Georgian experience	Tim Cordes, Germany University Hospital Schleswig-Holstein New development for Ovarian Stimulation in ART	Tina Buchholz, Germany Gyn-Gen-Lehel, Centre for Polar Body Diagnosis Polar Body and Trophectoderm Analysis for PGD
1050 – 1110	Lilo Mettler, Germany University Hospitals Schleswig-Holstein	Christos Coutifaris, USA University of Pennsylvania	Zion Ben Rafael Presented by Victor GomeI World Congress on Controversies in Obstetrics & Gynecology and Infertility (COGI) Antagonists or Agonists What to Prefer for ART	Alan Trounson, Australia California Institute for Regenerative Medicine Translation of Stem Cell Discoveries to Clinical Medicine
1110 – 1130	Which Surgical Interventions on the Reproductive Tract of the Female are Indicated in 2011? John Sciarra, USA Northwestern University	Seang Lin Tan, Canada McGill University	Andrea Genazzani, Italy University of Pisa	Joseph Schenker, Israel Hebrew University, Hadassah Medical Centre Ovarian Hyperstimulation Syndrome - Pathophysiology, Prevention and Treatment
1130 – 1150	Alternatives to Hysterectomy Victor GomeI, Canada University of British Columbia Fallopian Tube: The Forgotten Organ	Advances in IVM Treatment for Infertility	Mio-Inositol Administration in Polycystic Ovary Syndrome” Luigi Devoto, Chile University of Chile What Role do Androgens Play in Ovarian Stimulation?	Rudolf Klimek, Poland – Presented by Joseph Schenker Fertility Centre Prevention, Diagnosis and ACTH-Depot Therapy of Obstetrical Complications with Cancerous Risk
1200 – 1300	Lunch			
1200 – 1300	ANZICA Research Sub-Committee Meeting (Meeting Room 205)			

1300 – 1430	Invited Lecture 13 Donor-Linking - Personal and Professional Experience of a Young Donor Conceived Woman Assisted to Contact her Donor Room: Meeting Rooms 203 & 204 Chairs: Rita Alessi	Invited Lecture 14 Embryology Room: Plenary 1 Chairs: Leeanda Wilton, Australia & Chris Bayly	Invited Lecture 15 Sexual Health Room: Meeting Room 210 Chairs: TBC & Victor Gomel, Canada	A New Generation of Fertility Research and Care in Indonesia: Improving Access and Promoting Quality Assurance through Patient-Focused Research Room: Meeting Room 211 Chairs: Mulyoto Pangestu, Australia & Linda Rae Bennett, Australia
1300 – 1330	Participants: Rita Alessi, Monash IVF David de Kretser, Monash University Helen Kane, ARAFEMI	Robert Gilchrist, SA University of Adelaide New Approaches to Oocyte IVM based on New Knowledge of Oocyte-somatic Cell Communication	Suzanne Garland - VIC Royal Women's Hospital Chronic Viral Illness and the Management of Discordant Couples Undergoing ART	Andon Hestiantoro, Indonesia University of Indonesia Introduction: The Need for and Focus of Social Research into Infertility in Indonesia
1330 – 1400	Parent Donor Donor-Conceived	David Edgar, VIC Royal Women's Hospital & University of Melbourne Minimally Invasive Clinical Embryology	Damian Purcell - VIC University of Melbourne Balancing HIV Transmission Risk and Fertility	Budi Wiweko, Indonesia University of Indonesia Fertility Patients' Patterns of Treatment Seeking: Understanding Delays in Presentation and Barriers to Access
1400 – 1430		Jacques Cohen, USA IVFOnline / Reprogenetics Evaluation and Control of Environmental Factors During Development of Embryos In Vitro	Susan Sawyer, VIC Royal Children's Hospital Sexual and Reproductive Health in Adolescents with Chronic Health Conditions	Nadia Shafira, Indonesia University of Indonesia Information Sources, Knowledge Deficits and the Education needs of Fertility Patients
				Aucky Hinting, Indonesia Airlangga University Promoting Male Participation in Fertility Treatment
				Budyandini Pramesti, Indonesia Airlangga University Patients' Experiences and needs in Relation to Fertility Consultations
1430 – 1500	Afternoon Tea			

1500 – 1630	Plenary 6 & 7 Room: Plenary 1 Chair: TBC & Lilo Mettler, Germany
1500 – 1545	David Adamson, USA Fertility Physicians of Northern California Stanford University University of California San Francisco
1545 – 1630	Endometriosis: Individual Fertility Treatments Stefan Schlatt, Germany University Munster It's Time to Freeze: Novel Options for Fertility Preservation in Boys
1630 – 1645	Congress Closing
1645	Congress Concludes
