

WEDNESDAY 30 NOVEMBER 2011

1300	Registration Open
1630	FSA AGM
1730	Welcome Reception

THURSDAY 1 DECEMBER 2011

0700 – 0830	Breakfast Meeting			
0845 – 1000	Opening Ceremony & Ian Johnston Memorial Lecture (Plenary 1)			
0845 – 0915	Opening Ceremony			
0915 – 1000	André Van Steirteghem, Belgium Professor-Emeritus Vrije Universiteit Brussel and Editor-in-Chief Human Reproduction <i>Ian Johnston Memorial Lecture: Australia, A World Power in ART</i>			
1000 – 1030	Morning Tea			
1030 – 1200	Symposia 1	Symposia 2	Symposia 3	Symposia 4
1200 – 1300	Lunch			
1300 – 1430	Invited Lecture 1 Endometrium	Invited Lecture 2 New Techniques	Invited Lecture 3 Counselling	Invited Lecture 4 ESHRE Exchange / CREI
1300 – 1330	Guiying Nie, VIC Prince Henry's Institute of Medical Research <i>PC6 is Critical for Endometrial Receptivity: Cellular Mechanisms and Clinical Implications</i>	Andrew Stephens, VIC Prince Henry's Institute of Medical Research <i>New Proteomic Approaches for the Study of Gynaecological Disease</i>	Jane Fisher, VIC Jean Hailes Research Unit, Monash University <i>Stereotypes, Evidence and Psychologically-Informed Infertility Care</i>	Arturo Reyes Palomares, Spain Instituto de Fertilidad Clinica Rincon <i>Influence of 5-HTTLPR Variants in the SLC6A4 Gene over Pregnancy Outcomes among Recipients of Donated Eggs</i>
1330 – 1400	Ian Fraser, NSW University of Sydney <i>Implications of the Unique Innervation of the Pelvis in Endometriosis</i>	Sherman Silber, USA The Infertility Centre of St Louis <i>Preservation of Fertility for Cancer Patients and Extension of the Reproductive Lifespan of Women</i>	Cailin Jordan, WA Hollywood Fertility Centre <i>The Use or Abuse of Social Technology and the impact on ART consumers and professionals</i>	CREI Presentations
1400 – 1430	Hugh Taylor, USA Yale University <i>Endometriosis: Genetics, Epigenetics and Stem Cells</i>	Jacques Cohen, USA IVFOnline / Reprogenetics <i>PGS 2.0 - New Genetic Tests and Complete Chromosome Assessment of Human Embryos</i>	Desiree Spierings, VIC Sexual Health Australia <i>Sex Therapy – The Role of Sex Therapy in Reproductive Health</i>	
1430 – 1500	Afternoon Tea			
1500 – 1630	Symposia 5	Symposia 6	Symposia 7	Symposia 8
1645 - 1730	Plenary 2			
1645 – 1730	Siladitya Bhattacharya, Scotland University of Aberdeen <i>Sex and Reproduction in the Post ART Era</i>			
1730	Presentations Conclude			
1900	Congress Dinner			

FRIDAY 2 DECEMBER 2011

0730 – 0900	Breakfast Meeting			
0915 – 1000	Plenary 3			
0915 – 1000	Yoshi Morimoto, Japan IVF Japan <i>In Vitro Maturation, Cytoplasmic Maturation and Mitochondrial Function</i>			
1000 – 1030	Morning Tea			
1030 – 1200	Symposia 9	Symposia 10	Symposia 11	Symposia 12
1200 – 1300	Lunch			
1300 – 1430	Invited Lecture 5	Invited Lecture 6	Invited Lecture 7	Invited Lecture 8
	Clinical IVF	Andrology	Menopause	Ethics Hypothetical – Surrogacy / Religious Perspective
1300 – 1330	Siladitya Bhattacharya, Scotland University of Aberdeen <i>Single Embryo Transfer in IVF - is Less More?</i>	David Handelsman ANZAC Research Institute <i>Andrology: The Missing Half of Reproductive Medicine</i>	Helena Teede, VIC The Jean Hailes Foundation for Women's Health <i>Why Wouldn't a Symptomatic Woman Take HRT?</i>	Lesley Cannold, VIC – Ethicist Gab Kovacs, VIC - Monash IVF Kirsten Mander, VIC - Australian Unity Sally Nathan, VIC – Monash IVF
1330 – 1400	Yoshi Morimoto, Japan IVF Japan <i>New Paradigm for ART, Application of Integrated Medicine</i>	Roger Hart, WA University of Western Australia <i>Early Life Influences upon Male and Female Reproductive Development in a Western Australian Population</i>	Martha Hickey, VIC Royal Women's Hospital & University of Melbourne <i>Management of Menopausal Symptoms Without Hormones</i>	Miranda Montrone, NSW - Counselling Place Guido Pennings, Belgium – Ghent University
1400 – 1430	David Adamson, USA Fertility Physicians of Northern California Stanford University University of California San Francisco <i>Current and Future Factors Affecting IVF "Success" Rates</i>	Stefan Schlatt, Germany University Munster <i>The Regenerative Potential of the Testis: Existence and Impact of Stem Cells in the Testis</i>	Peter Ebeling, VIC University of Melbourne <i>New Vistas for Osteoporosis Management in Postmenopausal Women</i>	1410 – 1500 Joseph Schenker, Israel Hebrew University, Hadassah Medical Centre <i>Assisted Reproduction - Religious Perspectives</i>
1430 – 1500	Afternoon Tea			
1500 – 1630	Symposia 13	Symposia 14	Symposia 15	Symposia 16
1645 - 1730	Plenary 4			
1645 – 1730	Hugh Taylor, USA Yale University <i>Environmental Programming of Uterus Development</i>			
1730	Presentations Conclude			

SATURDAY 3 DECEMBER 2011

0915 – 1000	Plenary 5 Room: Chair:			
0915 – 1000	Wendy Kramer, USA Donor Sibling Registry <i>Redefining Family: Donors and Offspring Connecting</i>			
1000 – 1030	Morning Tea			
1030 – 1200	Invited Lectures 9 International Academy of Human Reproduction	Invited Lectures 10 International Academy of Human Reproduction	Invited Lectures 11 International Academy of Human Reproduction	Invited Lectures 12 International Academy of Human Reproduction
1030 – 1050	George Creatsas, Greece University of Athens <i>Reconstruction of Utero-Vaginal Anomalies</i>	Archil Khomassuridze, Georgia Zhordania Institute of Human Reproduction <i>Mifepristone: the Georgian experience</i>	Klaus Diedrich, Germany University Hospital Schleswig-Holstein <i>New development for Ovarian Stimulation in ART</i>	Wolfgang Holzgreve, Switzerland University of Basel <i>Non-Invasive Prenatal Diagnosis from Maternal Blood -The Long Way from Research to Clinical Application</i>
1050 – 1110	Lilo Mettler, Germany University Hospitals Schleswig-Holstein <i>Which Surgical Interventions on the Reproductive Tract of the Female are Indicated in 2011?</i>	Christos Coutifaris, USA University of Pennsylvania <i>Adverse Perinatal Outcomes following ART: Beyond Twins and Triplets</i>	Zion Ben Rafael World Congress on Controversies in Obstetrics & Gynecology and Infertility (COGI) <i>Antagonists or Agonists What to Prefer for ART</i>	Tina Buchholz, Germany <i>Polar Body Biopsy</i>
1110 – 1130	John Sciarra, USA Northwestern University <i>Alternatives to Hysterectomy</i>	Rudolf Klimek, Poland Jagiellonian University <i>Prevention, Diagnosis and ACTH-Depot Therapy of Obstetrical Complications with Cancerous Risk</i>	Andrea Genazzani, Italy University of Pisa <i>Mio-Inositol Administration in Polycystic Ovary Syndrome"</i>	Alan Trounson, Australia California Institute for Regenerative Medicine <i>Translation of Stem Cell Discoveries to Clinical Medicine</i>
1130 – 1150	Victor Gomel, Canada University of British Columbia <i>Fallopian Tube: The Forgotten Organ</i>	Seang Lin Tan, Canada McGill University <i>Advances in IVM Treatment for Infertility</i>	Luigi Devoto, Chile University of Chile <i>What Role do Androgens Play in Ovarian Stimulation?</i>	Joseph Schenker, Israel Hebrew University, Hadassah Medical Centre <i>Ovarian Hyperstimulation Syndrome - Pathophysiology, Prevention and Treatment</i>
1200 – 1300	Lunch			

SATURDAY 3 DECEMBER 2011 (continued)

1300 – 1430	Invited Lecture 13 Donor-Linking - Personal and Professional Experience of a Young Donor Conceived Woman Assisted to Contact her Donor	Invited Lecture 14 Embryology	Invited Lecture 15 Sexual Health
1300 – 1330	Participants: Rita Alessi (Chair), Monash IVF David de Kretser, Monash University Helen Kane, ARAFEMI	Robert Gilchrist, SA University of Adelaide <i>New Approaches to Oocyte IVM based on New Knowledge of Oocyte-somatic Cell Communication</i>	Suzanne Garland - VIC Royal Women's Hospital <i>Chronic Viral Illness and the Management of Discordant Couples Undergoing ART</i>
1330 – 1400	Parent Donor Donor-Conceived	David Edgar, VIC Royal Women's Hospital & University of Melbourne <i>Minimally Invasive Clinical Embryology</i>	Damian Purcell - VIC University of Melbourne <i>Balancing HIV Transmission Risk and Fertility</i>
1400 – 1430		Jacques Cohen, USA IVFOnline / Reprogenetics <i>Evaluation and Control of Environmental Factors During Development of Embryos In Vitro</i>	Susan Sawyer, VIC Royal Children's Hospital <i>Sexual and Reproductive Health in Adolescents with Chronic Health Conditions</i>
1430 – 1500	Afternoon Tea		
1500 – 1630	Plenary 6 & 7		
1500 – 1545	David Adamson, USA Fertility Physicians of Northern California Stanford University University of California San Francisco <i>Endometriosis: Individual Fertility Treatments</i>		
1545 – 1630	Stefan Schlatt, Germany University Munster <i>It's Time to Freeze: Novel Options for Fertility Preservation in Boys</i>		
1630 – 1645	Congress Closing		
1645	Congress Concludes
